

Dear MCA Elementary Families:

I pray that you are enjoying some great family time! As you've likely heard, Metro Christian Academy will be engaging in a two-week Remote Learning Protocol beginning Monday, March 23, 2020. During our extended time away, our administrative team will continue monitoring the situation and communicating all relevant information. Please stay tuned for updates regarding our return date.

Teachers will send and/or post instructional activities and guides throughout our time at home. Teachers sent "at-home" work packets prior to Spring Break; however, more learning activities and digital tools are on the way! The building will be open on Monday, March 23 from 9 am to 4 pm for families to retrieve any books or materials not collected before Spring Break. Please access our campus through the main gate, please keep your visit brief, and please log in and out at the gate.

Teachers will connect with you via email (and/or other platforms such as PCR, Instagram, Facebook, and texts) with specific plans and expectations for remote learning. You may connect with your child's teacher via email (or other method that the teacher may have previously established).

Remote learning is uncharted territory for us, so we appreciate your patience as we navigate these paths together. Thank you, parents, for your prayers and partnership. Thank you, teachers, for collaborating and caring. Thank you, students, for being the best and the brightest!

Sincerely,

Matt Buffington,
Elementary Principal
