

Dear Metro Families,

As many of you may have seen by now, the Department of Education and OSSAA have made the tough decision to suspend the remaining spring sport contests for the 2019-2020 academic semester. This is undoubtedly a huge decision, and one that will impact all spring sport athletes, teams, and especially seniors.

There are likely to be many questions and emotions that will stem from this tough decision. As an athletic department, we will do our best to efficiently communicate all updates from the DOE and OSSAA to you regarding our athletic programs. Coaches will also be reaching out to the teams in the coming days. Please let us know if we can support you in any other way during this time.

Also, we are planning to put something together for the sports impacted by the COVID-19 outbreak to celebrate the teams and seniors. We are not sure exactly what that will look like at this point, as much of it will be based off the situation moving forward. Please stay tuned for an email addressing that and thanks for your prayers for everyone effected by the outbreak.

Adam Taylor | Athletic Director
Metro Christian Academy
