

Dear Metro Faculty, Families, and Friends,

Since Metro opened in 1983, we have never experienced anything quite like this.

Our families, our faculty, our students, our staff—each of us has been impacted in some unprecedented ways. Personally, professionally, prayerfully—the impact has been vast and varied.

Some of our families are hurting. We want to help. Please let us know if you are hurting, and how we can **help**.

We also have people who are able to help and want to help. If that's you, let us know how we can connect you to **opportunities to donate**.

Whether for tuition assistance, tuition relief, or tuition bridge. Or, if you'd prefer giving towards cleaning products, equipment, and services—whether for what we've already been doing, or what we plan to have in place if/when we return, **let us know**.

Additionally,

Tuition assistance deadlines have been extended until **May 1**.

Late fees for June payments for 2020-2021 are **being waived**.

Let me be clear.

We do not want (and, we do not think God would want!), any mission-fit family not to be here for the 2020-2021 school year for any financial reason. Please let us know. We want to help.

Among other things, we are also currently accepting applications for the following **scholarship opportunities**. Perhaps one of these might be a good fit for someone in your family, or someone you know.

Finally, our team has been in the process of making Care Calls. We want to personally connect with each Metro family. We want to express our appreciation; we want to see how things are going; and, we want to find out how we can pray.

We look forward to these calls, and we hope you do, too.

Grateful to be serving together,

Keith
